Maple Grove Christian Church uses EasyTithe for online giving services. You can give two ways:

1. Online through a web browser on your computer or mobile device.

2. Through the EasyTithe mobile app on Apple or Android devices.

With either of these options, you can give from your checking account one-time, or set an account up give automatically on a recurring basis. We have selected EasyTithe because they meet industry standards for safety and security. We provide more information below on how to give with EasyTithe.

If you are having issues with giving, please contact the Maple Grove tech team at connect@maplegrove.church.
